### Run & Win: A Guide to Succeeding in Municipal Elections

by Brian H. Clarke

This book is written specifically to prepare you to “Run and Win” a successful election campaign, with chapters on how to easily recruit volunteers, work effectively with the media, learn the issues, develop your own positions, and a host of other vital topics. Learn the basics that every candidate needs to know about municipal elections – what kinds of positions are available, what the responsibilities of the positions are, how to build your political profile, why you would be a terrific candidate, and how to prepare for your successful run, starting now!

Learn valuable secrets about running a winning campaign from experienced municipal politicians who have won over and over again – as well as how to be successful once you are in office. All of this is written in a positive, motivational style to start you on a journey where you will learn to act, think, and live at a new level, and contribute to your community in a unique and exciting way: as a successful politician.
